WEEK OF Thanksgiving 2017

Dear Parents,

With Thanksgiving this week, take some time to teach your children about gratitude. Get a package of Skittles or M&M's and give several to each family member. Designate each color to represent a specific category of things you are thankful for. Now, go around the table and have each family member hold up one of their candies and say something they are grateful for in that category. For example:

Red: Name a person you are thankful for

Orange: Name a place you are thankful for

Yellow: Name a food you are thankful for

Green: Name a thing you are thankful for

Purple: Name a characteristic of God you are thankful for

Instead of just saying, "I am thankful for my mom", use this time as a prayer time to praise God for all He's blessed your family with. Your prayers can be as simple as, "God, thank You for my mom." ~~Remind your family that "every good and perfect gift is from above"~~ (James 1:17).

Looking forward to Thanksgiving, our Student Ministry has been memorizing Psalm 100! We would love for your family to join us on that challenge! Send a video of your family reciting Psalm 100 to Jason Holmes at jholmes@cfbcfamily.org.
